TEXAS HOUSE AGAIN GIVES APPROVAL TO LABOR CONTROL BILL

MEASURE WOULD MAKE UNIONS SUBJECT TO ANTI-TRUST RULES

AUSTIN, May 12—(AP)—The house today passed on second reading another bill attacked by labor members as "vicious and restrictive," and was told that the big departmental appropriation bill will be ready for consideration tomorrow.

By a vote of 80 ayes to 42 noes, it advanced to third reading Sen. Ben Ramsey's bill putting labor unions under terms of the state's anti-trust laws. Rep. Marshall O. Bell of San Antonio, who sponsored the measure in the house, did not press for immediate final passage which would have required a four-fifths majority.

Bell Supports Bill.

Bell, advocating the bill, said the state had had such a law from 1895 to 1911 and that it was designed to protect the working man and was a part of "the little man's effort to survive in a chaotic world."

Rep. Roger Q. Evans of Denison told the house in opposition that the bill was just another in a series of "vicious anti-labor laws to destroy wage standards" passed by the current session. He said one or more electricians agreeing in their refusal to install sub-standard equipment in a house would be subject to the anti-trust laws under terms of the Ramsey bill.

Debate Due Tuesday.

Rep. C. S. McLellan of Eagle Lake informed the house the finance committee's revised version of the senate-passed departmental appropriations bill would be ready for debate tomorrow.

He said it trims approximately $3,500,000 from the senate measure. The senate bill called for expenditure of $43,145,177 during the next two years.

The 50th legislature today started what might have been its last week, with many of its chief problems still unsolved.

Calendars in both houses were loaded with controversial measures

CASE OF NEGRO WHO WANTS IN U. OF T. ON TRIAL THIRD TIME

AUSTIN, May 12.—(AP)—The case of Heman Marion Sweatt, Houston negro who is seeking to force admission as a law student to the University of Texas, was delayed until late today after Sweatt's lawyers requested time to study the state's new arguments.

As the retrial began in 126th district court here, Attorney General Price Daniel filed new arguments why the writ of mandamus requested by Sweatt should be denied. He also asked the court to withdraw previous stipulations from the evidence in the case.

Daniel Makes Answer.

Daniel, referring to the allegation by Sweatt that the 14th amendment to the United States constitution was violated when he was denied admission to the University law school, wrote that "such amendment does not require that educational facilities be be provided for white and negro students in the same school."

Daniel maintained that when a negro student demands for the first time a particular course, the state has the constitutional right to provide within a reasonable time separate courses.

Separate Courses Cited.

"Separate courses and facilities have been provided for (Sweatt) and such provision does not constitute any violation of the 14th amendment," Daniel's argument said.

Daniel also took exception to the allegation in Sweatt's petition that it has been the custom of the university board of regents to require separation of white and negro students.

The attorney general wrote that the refusal to admit Sweatt did not constitute a policy or custom since no other negro students have applied for admission.

Third Time in Court.

The case came before Judge Roy C. Archer for the third time since

See SWEAT, Page 3

Undersecretary Of State Dean Acheson Resigns From Post

WASHINGTON, May 12.—(AP)—Dean Acheson resigned today as undersecretary of state and President Truman appointed Robert A. Lovett to replace him June 30.

Lovett, a New York banker is a former assistant secretary of war.

In disclosing the changes, the White House made public a letter in which Mrs. Truman wrote Acheson of his "great regret" that "I can not again ask you to put aside your desire to return to private life."

Action Long Sought.

Acheson has long sought to resign and return to private law practice.

Presidential Press Secretary Charles G. Ross announced Mr Truman's selection of Lovett as Acheson's successor.

Lovett's nomination will be sent to the senate sometime this week.

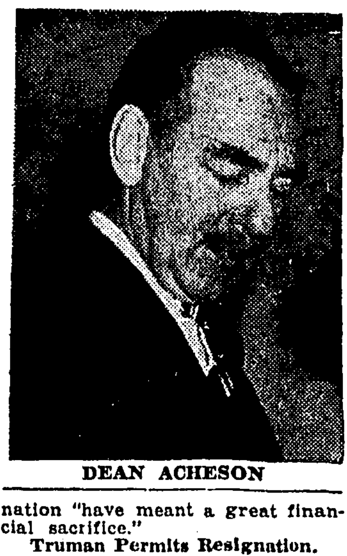
While Lovett will not take over his post until July 1, it is understood that he will work with Acheson in advance of that time to acquaint himself with many problems with which Acheson has dealt.

Acheson Paid Tribute.

The President's letter paid tribute to Acheson's "high sense of public duty" for keeping on the job for the past two years at presidential request "despite the personal sacrifice it has meant to you."

"I can easily appreciate the reasons which impelled your desire to return to private life as embodi in your letter written as long ago as April 17, 1946, and in another letter the year before," Mr. Truman's letter said.

The President said he realized that the two deferrals of the resignation "have meant a great financial sacrifice."



DEAN ACHESON

Truman Permits Resignation.

He disclosed he agreed tentatively to permit Acheson's resignation last January 10 and said he appreciated Acheson's "magnanimous action in standing at your post for another six months."

Acheson agreed at that time to stay on while George Marshall, new secretary of state, was getting settled in the cabinet post.

Mr. Truman's letter closed:

"In justice to you, therefore, the time has come where I must yield to your wishes.

"You have been the type of efficient public servant whose withdrawal from public life at any time would be a loss to the nation."

MEMBERS OF LOCAL PHONE UNION SUPPORT REJECTION OF COMPANY OFFER; NEGOTIATIONS CONTINUE

NEW YORK, May 12.—(AP)—The coast-to-coast telephone strike entered its sixth week today with an estimated 185,000 members of unions affiliated with the National Federation of Telephone Workers still on strike.

Their refusal to cross picket lines of still striking unions kept many thousands away from their jobs, but in San Francisco the CIO American Communications Association, declaring the NTFW strike has been broken," announced that its 12,000 members in Northern California and Nevada would return to work.

Southwest Offer Rejected.

At St. Louis, the Southwestern Bell Telephone Company announced the latest demand of the Southwestern Telephone Workers Union (Ind.) was "not acceptable." The union last night asked for a $5 weekly wage increase, with allowances bringing it to aprpiximately $6, plus action on 20 of its original 89 contract demands.

The company early yesterday

See PHONES, Page 5

Corsicana members of the National Federation of Telephone Workers at a mass meeting held at 8 a. m. Monday at the Navarro Hotel, voted with the union group in supporting the contention that the wage increase offer of Southwestern Bell Telephone Co., was "cut too thin."

The group was informed by O. E. Goodwin, city strike director, of the developments in St. Louis at the southeastern bargaining meeting between labor and management.

Goodwin said the price increase was from zero to $4, and that local members felt it was not enough.

Few Corsicanans Included.

Corsicana was concerned in only two categories of the five-division wage increase bracket.

Goodwin said the company ranged the offers from zero to $4, but that the $4 figure was for St. Louis workers. Ninety-nine were offered $3.50 weekly increases; operators were offered only $2, and plant and construction men $3. No increase was given directory salesmen of the 5-state area, but that category had no bearing on Corsicana except for the overall picture.

The Corsicana operators, plant and construction men, in the 35th day of the telephone blockout, returned to their picketing after the mass meeting.

Local Ranks Firm.

There was no dissention in rejecting the company's proposal by virtue of giving approval to the union leader's action in turning thumbs down on it.

"Negotiations are continuing," Goodwin told the strikers from a prepared statement.

"Before leaving Washington the company stated they would not insult our intelligence with an offer if we returned negotiations to St. Louis They have not only insulted our intelligence, but prejudiced our future belief in the integrity of the company or its officials.

Company Offer Rapped.

"We believe the people who have been on strike for 34 days would rather let the company starve them into submission than accept this

Texans Spend Safe Weekend; Only 2 Reported Killed

By The Associated Press

Texans spent one of the safest week-ends on record, a survey showed today, with only two violent deaths reported in last Saturday's and Sunday's week-end period.

One person was killed in an automobile accident. One man was killed by a bull.

Theodore Petrich, 80, retired cattleman of Hufsmith, was killed yesterday after he was knocked down by a bull on his son's ranch in Hufsmith.

Mrs. Exie Elnore Blakely, 39, of Houston was killed yesterday when the automobile in which she was driving struck a bridge abutment on the highway near Alvin and turned end over end. Funeral was to be held today.

SENATE VOTE ON NEW LABOR LAW TUESDAY AGREED BY LEADERS

MANY MEMBERS SEEN AS OPPOSED TO SUBSTITUTE OFFERED BY DEMOCRATS

WASHINGTON, May 12.—(AP)—WASHINGT ON, shrdlu cmfwyp The senate agreed today to vote tomorrow on passage of the general labor disputes bill.

Under an agreement engineered by Acting Republican Leader Wherry (Neb) and Senator Taft (R-Ohio) the senate at 11:30 a. m., (CST), tomorrow will cease debate and begin voting on all pending amendments to the bill and then on the measure itself.

Wherry assured Democratic Leader Barkley (Ky) he would be allowed time tomorrow for a final speech on the bill, strongly opposed by the administration.

Democrats Offer Sustititute.

A group of Democrats are offering an entire substitute for the GOP bill. A roll call will be taken on it during the series of votes tomorrow.

Arguing for the substitute, Pepper told the senate the GOP measurfe will start the country on the way to a depression if it becomes law.

"This bill is not going to stop strikes, it is going to start them," Pepper shouted. "It is going to cause labor unrest."

Pepper said corporation profits rose $3,000,000,000 in 1946 over the previous year, while wages and salaries decreased $5,000,000,000 in the same period.

"We are already in the very downward spiral of wages, salaries and public purchasing power that led us in a toboggan slide to the last depression," he said.

George Leads Opposition.

Opposition to the Democratic substitute was led by Senator George (D-Ga.)

George told a reporter he considers the substitute proposal offered by Senator Murray (Mont) and 10 other party members "a watered down version of no conse-

FOUR MAJOR STRIKES LOOM: COAL, SHIPS, RAILS AND BUILDING

BY MAX HALL

Associated Press Labor Reporter.

WASHINGTON, May 12.—(AP)—Four industries still are potential trouble spots on the labor-management front:

1. Coal.
2. Maritime.
3. Railroads.
4. Construction.

CIO factory workers have won wage increases without striking. The telephone strike is about ended. These developments were good news for America. But there may be some bad news around a couple of corners.

Coal Threat Serious.

The situation in each of the possible trouble spots is this:

Coal—A strike is feared for July 1. That's when the government must restore the bituminous coal mines to private operators. And John L. Lewis and the operators haven't even started bargaining on the terms of a contract.

They have held meetings, but to date have talked only about the issue of industry-wide bargaining. The next session is scheduled on Thursday.

Operators Hold Out.

Southern coal operators, who have been urging congress to outlaw industry-wide bargaining, are unwilling to sit down with northern operators and Lewis to write a single contract.

The action of the senate last week in defeating, 44-43, a proposal

Winnie Ruth Judd Escapes, Is Caught

PHOENIX, Ariz., May 12—(AP)—Mad trunk murderess Winnie Ruth Judd was captured today about 12 hours after she escaped from the State Hospital for the Insane.

The sheriff's office said she was seized near the exclusive Arizona Biltmore Hotel, luxurious winter resort on the edge of the desert north of the city.

She was being brought to the sheriff's office in a patrol car.

Third Escape for Killer

This was the third escape for the woman who killed two women friends in 1931 and shipped their dismembered bodies to Los Angeles in a trunk

It was her third escape from the institution since she was saved from execution by being adjudged insane.

Her escape from a second floor cell-room was discovered by an attendant at 12:30 a. m. She was last seen at 9 p. m.

"Connivances" Charged

Dr Larson used the word "connivances" in explaining escape of the 43-year-old murderess.

He said she was believed to have used a key which opened two doors, one on the second floor—which allowed her to descend a stairway—and another on the ground level.

A gate on the north side of the hospital grounds was found open, Dr. Larson said.

WINNIE RUTH JUDD

Truman Action Due By Wednesday On Portal Pay Bill

WASHINGTON, May 12.—(AP)—Presidential Press Secretary Charles G. Ross announced that President Truman will not act today on legislation outlawing most portal to portal pay claims.

The deadline for Mr. Truman to sign or veto the measure is Wednesday midnight. Ross had nothing for reporters inquiring about the president's eventual decision on the bill.

Clean-Up Drive Is Started In Annual Fight On Disease

Corsicana Monday started its annual fight against filth in an effort to avoid fatalities.

With the constant hammering by health authorities ringing in their ears that by eliminating the breeding grounds of epidemics, residents eliminate the disease, city officials, planning board members, county workers and Corsicana itself launched a cleanup drive that is expected to combat polio and typhus fever in 1947 as it did in 1946.

The planning board and the city commission had a simple proposition to the residents of the immediate area. It was: You pile it out front, we will cart it away."

Urged to Clean Yards.

Residents were urged to clean yards of old cans, rotten boards, waste paper, trash dumps, accumulated garbage, and other debris. They were asked to place it at a convenient spot near the curb where city trash haulers can load it and destroy it.

They asked that manure piles, choice spot for breeding of flies, be broken up and spread and allowed to dry, thereby eliminating the warmth of the interior.

They asked that weeds be cut and kept cut; that high grass be mowed.

Co-operation Asked.

They sought co-operation from every home and business house owner in repainting old structures to stress the appearance of cleanliness.

"People were wonderful last year," said Bill Smith, Planning Board member who is general chairman of the drive. "But last year we had a scare. There had been polio cases in Corsicana the previous year. Last year we had not, and we are just a little bit afraid there will be a let down. We hope not, and honestly beg residents to clean up their premises."

Dr. Will Miller, acting director of the Navarro-Corsicana Health Unit, has been a consistent advocate of catching epidemics before they are born.

He has credited last year's drive

HIGH COURT UPHOLDS CHANGES IN FREIGHT RATES TO AID SOUTH

BOOST OF SOME RAIL CHARGES IN NORTHEAST, CUT IN DIXIE, VALID

WASHINGTON, May 12.—(AP)—The supreme court today upheld an Interstate Commere Commission order raising railroad freight rates 10 percent in the North and East and lowering them 10 percent in the south and as far west as the Rockies.

The commission ordered the changes after officials of southern states complained that higher rates in their region gave northern manufacturers competitive advantages.

Affected are so-called class rates. These apply principally to manufactured articles.

Douglas Writes Decision.

Justice Douglas wrote the court's 7-2 decision. It was read by Justice Burton in the absence of Douglas, who has been ill with a cold. Justices Jackson and Frankfurter wrote dissents.

The commission in May, 1945, found the freight rate structure discriminated against the south on almost all manufactured articles and ordered the changes as the first step toward 'equalizing rates.

The commission planned as a second step to work out "national uniformity in the classification of freight, and a graeter degree of national uniformity in the class freight rate structure." Class rates apply to about four per cent of all rail freight traffic and yield about six percent of freight revenue.

Southerners Favor Change.

Southern officials hailed the ICC order as one which would permit southern industry to "breathe freely for the first time in history."

Nine northern states, governors of the six New England States, and 33 railroads, however, challenged the ICC action as arbitrary. They said it was not based on facts and upset principles of rate making which had been used for many generations.

The challengers first presented their case before a special three-judge federal court in Utica, N. Y. That court upheld the ICC. The challengers then appealed to the supreme court. Actual change in class rates was deferred pending the high tribunal's decision.

See FREIGHT RATES, Page 5

Greeks Launch New Military Drive On Guerrilla Factions

ATHENS, May 12—(AP)—Military sources announced today that government forces approximately 20,000 strong had launched the second phase of a general offensive against guerrilla bands in northern Greece—this time in northwest Thessaly and western Macedonia.

The informants said the operations covered and are of several hundred square miles in the Pindus Mountains just north of the region where another drive against the guerrillas recently was completed. The first operation was officially described a success.

It was reported that 3,000 to 4,000 goerrillas under a "Captain Ypsilanti" were in the area.

Military Merger Is Urged By Marshall, Now Out Of Fight

WASHINGTON, May 12—(AP)—Secretary of State Marshall, while asking to be relieved of further testimony because of his diplomatic status, nevertheless holds to his belief as a soldier that Army-Navy unification is "essential".

Chairman Gurney (R-SD) released a letter containing Marshall's views today as the senate armed services committee headed for a showdown on the hotly disputed merger issue.

Shying from any public forecast of committee sentiment, Gurney said only that he expects the pending bill to be cleared to the senate floor by the end of the week.

Few Senators Opposed

One committee member, however who asked not to be named, predicted that "not more than three" of the 13 senators who have been listening to conflicting testimony for eight weeks would oppose the unification plan.

But even if that happens the prospect for final congressional action this year is remote. The house expenditures committee still is in the midst of its own hearings, and the two year old issue was omitted from the list of legislative matters marked down as "must" at the last meeting of the senate Republican policy committee.

Marshall, while serving as Army chief of staff, gave enthusiastic support to the original merger plan which was bitterly opposed by Navy leaders last session. Gurney asked him to testfiy again this session of the compromise version supported by both Army and Navy leaders.

Marshall Bows Out

The secretary of state replied, however, "I do not under th. existing circumstances in my present position think it advisable for me to further participate in this discussion." But, Marshall added:

See MERGER, Page 5

Frank B. Potter Is Nominated To Take Eastus' U. S. Post

WASHINGTON, May 12—(AP)—Frank B. Potter was nominated today by President Truman to be U. S. attorney for the Northern District of Texas.

If confirmed by the senate, he will succeed Clyde O. Eastus, whose term has expired.

INDEPENDENT STATE SAID ONLY SOLUTION TO PALESTINE ISSUE

ULTIMATUM HEARD FROM SYRIA, ARABIA, IRAQ; JEWS DENOUNCE MUFTI

BL MAX HARRELSON

LAKE SUCCESS, N. Y., May 12. —(AP)—The Arab countries joined today in a sharp warning to the United Nations that they would not abide by any solution of the Holy Land problem except one that would create an independent state of Palestine.

The Arab warning, interpreted by some delegates as an ultimatum, was given by Syria, Saudi Arabia and Iraq.

The Jewish Agency for Palestine meanwhile clashed with Russia and brought the wartime record of the exiled grand mufti of Jerusalem into the United Nations debate on Palestine.

Arab Stand Outlined.

Dr. Fadhil Jamaly, foreign minister of Iraq, speaking after the Agency had made a new plea for a Jewish homeland, said:

"No Arab who is self-respecting and true to his aspirations would even subscribe to a Jewish state."

The Agency told the general assembly's 55-nation political committee that a Soviet proposal for study of 'immediate Palestine Independence "loads the dice heavily against the Jews."

Moshe Shertok spoke for the Agency after Faris El Khoury of Syria, keynoting a new Arab move, declared his country would be bound by no U. N. Solution for the Holy Land except creation of an independent Palestine State.

Vote Due Tonight.

Lester B. Pearson of Canada, committee chairman, intervened repeatedly to speed the session toward a vote on instructions for the proposed U. N. Palestine inquiry mission. He said the committee would vote on the instructions today of it had to stay in session until midnight.

Delivery of Shertok's statement was delayed by El Khoury's speech.

Shertok told the political committee that the Jews wanted to cooperate with the Arabs in the Holy Land, but contended that the head of the Arab higher committee of Palestine—the Mufti now in Cairo—"was directly involved during the war in the Nazi policy of extermination of European Jews".

Arabs to Appear

The Arab higher committee was scheduled to make its second apappearance as a committee witness later today.

El Khoury delivered a vigorous attack against Jewish demands for increased immigration into the Holy Land, declaring "the Arabs will never allow a wedge to be driven into their Fatherland."

"Any r lution other than the setting up of an independent state shall not be accepted by the Syrian government and people", El Khoury asserted.

Answering questions submitted by committee members last week, the Jewish Agency representative made these main points:

1. The present political crisis in Palestine "is nothing but a clash between the dire needs of Jewish

MARSHALL SENDS NEW NOTE TO RUSSIA ON KOREAN CONFERENCE

WASHINGTON, May 12.—(AP)—Secretary of State Marshall sent a new note today to Russia on the proposal to reopen direct Soviet-American negotiations May 20 on a provisional government for Korea.

A state department announcement of the action was accompanied by a hint that preparations for the meeting might be held up until a reply is received from Soviet Foreign Minister Molotov.

The text was not made public but officials said it might be given out tomorrow.

Press Officer Reginald Mitchell told reporters that the note, fifth in an exchange between Marshall and Molotov on the Korean issue, was telegraphed to the embassy at Moscow for delivery.

Mitchell declined to saw whether a note received Friday from Molotov was satisfactory, or whether instructions have been held up for Lt John R. Hodge, American occupation commander, to make preparations for resumption of negotiations.

EIGHTEEN INJURED, MUCH DAMAGE REPORTED IN WAKE OF NEW WAVE TEXAS, OKLAHOMA TORNADOES

By The Associated Press

At least 18 injured were counted in Texas and Oklahoma today after a series of small tornadoes caused extensive crop and property damage.

It was the fourth time in a month that tornadoes struck the two states—starting with the devastating Woodward, Okla., storm on April 9.

In Texas, the twister first dropped down at North Cowden, an oil-producing refinery 14 miles northwest of Odessa. Then it hit Lenorah, 40 miles to the northeast, and was last reported at Ackerly, 20 miles farther on. At least 15 persons were injured.

In southwestern Oklahoma, three persons were hurt when a twister swept the Eldorado region, not far from the Texas border.

Lenorah Hardest Hit

Lenorah, Texas, was the hardest hit. The tornado swept down without warning on the tiny farming community, injuring 15 persons, including two critically. Two cotton gins, six homes and a store were levelled and the school and a church damaged.

The injured were taken to the Martin County Memorial Hospital, Stanton, Texas, for treatment. Two of the storm's victims, Lila Cathcrine Winters, 16, and L C. Foreman, 69, were reported in a critical condition.

Ambulances and doctors from both Big Spring and Stanton were rushed to Lenorah

Little Wind, No Rain

Residents of the West Texas town said the twister whipped down suddenly at 6 p. m. last night. Prior to the storm there had been little wind and no rain.

At North Cowden, however, where the twister hit at 4:20 p. m there had first been a hard rain m. followed by hail stones described as "big as base balls"

Very few houses are in the affected district and no injured were reported although the family of a Continental Oil Company employe had a narrow escape.

V. Ray said he threw a mattress over his wife and baby when the first impact of the twister was felt. The roof of their one-romo residence was lifted off and port of a wall collapsed, but none of the family was hurt

TEXAS PRISON BLAST RETURNED

HOUSTON, May 12.—(AP)—Riley Wyatt, chairman of the Texas Prison board, said today he would recommend to the board that the managers of three prison farms be dischraged provided three members of the house investigating committee take over and "show us how to run these places."

He said he may call a special meeting of the board after he receives a copy of the committee's report.

Wyatt, of San Antonio, was contacted by telephone in Waco where he is conducting personal business. "The prison board has been a sacrificial block for as long as I can remember," he said, "if they think they can run the system, let's see them do it."

Escape Complaints Recalled.

He recalled that several months ago much was said about the prison system managers showing too much leniency toward prisoners and more was said about the large number of escapes. "Maybe they know what they want, but it's hard to figure out."

The house investigating committee recommended that Capt. John Easton at Darrington Farm be dismissed for alleged cases of brutality. They also rapped the management of Retrieve farm where Capt. Joe Hinds is manager, and Wynn farm where Capt. Ewing Stanley is in charge.

W. Albert Lee, Houston member of the board, said he agreed with Senator Jimmie Phillips of Angleton that before the board hired Capt. Easton last fall prisoners were escaping almost every day.,

Lee said he had not seen the report of the investigating committee, but if they have any suggestions as to better managers of the prison farms "I will certainly be glad to consider their choice."

J. E. Wheat, Woodville member of the board, said he had not seen the committee's report but added "I agree with it, except that it doesn't go far enough."

He said the entire prison system is a disgrace to the state of Texas. "I don't believe the discharge of three managers in the system would clear up the situation. We need a lot of changes, a general overhauling."

Wheat said he voted for the dismissal of Capt. Easton March 14 when the board met in special session to study brutality charges against the farm manager. Capt. Easton was cleared of the charge by a six to three vote of the board.

Wheat said he still thinks Capt. Easton should be discharged. "I haven't changed my mind about that," he said. Other members voting for Capt. Easton's dismissal were J. E. Whitehurst, Beaumont and R. J. Edwards, Denton.

GOP PLANS BUDGET, TAX MOVES

WASHINGTON, May 12.—(AP)—Senator Taft (R-Ohio) called today for a senate-house budget trimming decision ahead of scheduled senate action next week on the $4,000,000,000 tax cut bill.

Taft said he will ask leaders from both sides of the capitol to get together on a compromise of the economy pledge which has been hanging fire since March 3.

The senate voted 64 to 20 then to whack $4,500,000,000 off President Truman's proposed $37,500,000,000 outlay for the year beginning July 1. It tacked on a previous earmarking $2,600,000,000 of any surplus for debt reduction.

The house earlier had pledged a $6,000,000,000 spending cut without any specific debt payment promises.

While the Ohio senator was silent on the particular point, he obviously hopes to be armed with an agreement on spending cuts before the Republicans undergo a Democratic barrage—intensified by potshots from some GOP members—on the tax reduction bill.

Senators Aiken (R-Vt) a frequent dissenter on party policy matters, and Senator Wilson (R-Iowa), who goes off the reservation occasionally, said they want to know the spending totals before they vote on taxes.

Democrats have lost no opportunity to point out that for more than two months the Republicans haven' been able to agree on how deep the pruning knife shall go.

They have shouted that the Republican's are trying to whittle government costs at the expense of self-liquidating projects. They have contended that debt reduction should come before tax cuts.

The GOP leaders have heard some of the same tunes played within their own party's ranks both in and out of congress.

Gov. Earl Warren of California, often mentioned as a possible first or second place GOP nominee in 1948, aimed indirect criticism at the party's congressional leadership on a week end visit here.

At a news conference Warren called for balancing the budget and a "substantial" debt reduction before there are any tax cuts—a position most congressional Democrats have taken.

CORSICANA, TEX., MAY 13, 1947

THE MARSHALL REPORT

Seldom has a report been made to any nation in any period of history more forthright, clear and couregeous than that of Secretary Marshall to the American people on Monday night, April 28, 1947. He made several important points.

One was that the results of the conference were better than they locked. Much was made clear to all four powers by all four. A basis of understanding was established on which future discussions may build a permanent structure.

Then, the discussions were difficult because there was so much of an involved and intricate nature to be gone over. The matter of coal and steel in and around Germany, for instance, the question of how to get production of the necessary fuel and basic metal business going without giving Germany the chance to prepare for another war, requires extreme skill in the working out. Such problems cannot be solved in one conference. The boundaries of Poland cannot be settled lightly, but must conform to a more just and permanent plan than those of the recent past.

It became apparent, as Secretary Marshall talked, that hope of future compromise and settlement is fairly bright. But it also became clear that time, as usual, means nothing to the oriental mind. The Russians are not much concerned with the time used up in lengthy talk, argument and exhaustion, which to their minds come before compromise, may do to starving peoples awaiting settlement so that they may go ahead to feed their own hungry, build shelters for themselves and get on a basis of sound and economic self-respect.

The Russians are willing to settle and compromise in time—long time if necessary. The *Americans* want to get action started so that peace and prosperity in Europe may be assured. The Russians, in a word, are interested in what compromise and settlement may bring for the good of the Russians. The Americans want compromise and settlement *for* the sake of the whole living, struggling world.

America takes the side of responsible leadership.

THE TOLL OF PEACE

The latest train wreck in Champaign, Ill., in which two persons were killed and 21 injured, is the eighth disaster of its kind in sixteen days. The airlines are recovering slowly from the shock of one of the worst winters of fatal accidents in their history. As motorists throng the highways, the toll of traffic deaths mounts steadily. The hazards of peace almost equal the ravages of war, and accident rivals intent as a destroyer of human life.

Greater care of equipment, and greater caution in its use, are the obvious remedies. But how long it takes to learn, and how easy it is to forget the obvious requirements for the maintenance of safety!

PROTECTING SOCIETY

One of the important jobs facing the American people —and, indeed, all peoples— is a complete revision of old ideas of penology. Criminals, in the old theory, were to be "punished" by terms of predetermined length in prison. This never did make sense Too often they come out worse, and thoroughly embittered, more dangerous than before.

The idea of punishment must give way to the idea of protection of society. The dangerous criminal must be locked away to protect other people, until he dies or is cured. He should be kept in decently, with every effort to improve both mind and body. When and if his wardens deem him cured, he should go before a board of men skilled in medical, psychological and sociological matters. If they decide, after careful examination of the prisoner and his record, that he is no longer a danger to society, no longer a liabilty but a possible asset, then he should be allowed to go. But he should be on probation, always subject to recall if he falls back into anti-social ways.

This theory offers hope both for society and for the individual.

Edgar A. Guest

LIE

"How are you?" he asked, and I
Smiled and told a pretty lie.
For 'twas easier to tell
I was feeling very well;
And, to me, 'twas very clear
That was what he wished to hear.
Had I told him of my pain,
He would never ask again.
Had I answered with a sigh,
Evermore he'd pass me by,
Lest if he should say "Hello"
I should tell a tale of woe.
So the truth I didn't tell
When I said: "I'm very well."

But, perhaps the Lord on high.
Will approve so white a lie.
(Copyright, 1947, Edgar A. Guest.)

MUSIC HATH CHARMS

Amateur symphony and dance orchestras will be used in Manhattan as a curb against juvenile delinquency. The idea is being pushed by a lawyer who works for one dollar a year as a probation officer, and by a municipal court judge. Neither man thinks music the whole answer to youthful lawlessness, but they look on orchestras as supplying constructive outlets for boys' and girls' energies. Trained conductors will lead the groups and money for instruments will be solicited in the case of players unable to furnish their own.

Boredom is often the root of troubles besetting old as well as young. Things that are fun to do, and the development of varied interests make for wholesome lives no matter what the age. The more progressive and stimulating pursuits can be offered youth, the less juvenile delinquency will plague society. Time, money and effort spent by New York oldsters on this orchestra idea are all investments of the soundest sort.

HOME AND WORLD BOTH

Former Governor Ellis G. Arnall of Georgia ,in a recent public address, said the United States should put its own house in order before starting to dictate world policy. He emphasized the need for a betterment in such matters as education, health, transportation, a public world program, and more effort of government to keep step generally with the needs of citizens.

No one can question the wisdom of cleaning up what lies nearest at hand before going forth to show neighbors how to live. If every citizen did his best with his own job, his own family, and if every nation likewise managed its own affairs with top efficiency, it looks as if the world's troubles would be naught. But life today cannot proceed in water tight compartments.

Transportation and communication have made the world a social whole. The illness, physical or economic, of one individual, one community, one peole can infect in widening circles all other people. Likewise health, progress and enlightenment of citizens and communities can bring progress to all.

Responsibility, as Gov. Arnall states, starts with the home front, but it cannot be confined there. The United States must work for domestic progress and at the same time for improved world standards, to insure its own well-being.

WILLA CATHER

The recent death at 70 of Willa Cather brings to mind Sarah Orne Jewett, dead nearly 40 years, now almost forgotten, but during her lifetime a foremost American novelist. Miss Cather by her own admission was greatly influenced by Sarah Jewett, who, under the pen name of Alice Eliot, wrote about the dwindling activity in once busy seaport towns of her native Maine. Her fidelity to local color impressed Miss Cather who was equally realistic in depicting scenes in pioneer Nebraska where she grew up, and in the southwest. Miss Cather combined this factual flavor with what has been called a "Virgilian prose." Her early studies in Latin are said to be responsible for this distinguished style of writing.

Willa Cather at the moment ranks high in the nations list of writers, just as did Sarah Jewett at her death. One wonders whether literary fashions of 40 years hence will dull the Cather reputation, or enhance it?

THE WORLD MOVES

"Patience, lovely virtue!" was the almost forgotten remedy of a philosopher named Charlie Chan, created by Earl Derr Biggers a generation ago. It is needed now, perhaps, more than ever before, in meeting the pressures of this present age and reconciling stubborn men and nations that do not want to be reconciled.

There is no other remedy. Without patient collaboration, men can never be brought to understand each other and yield to the honest differences of opinion which make civilization possible. Right now, on this present "bank and shoal of time," it is more necessary than ever before for "all good men to get together."

General Marshall himself takes this attitude, insisting that the big international conference is "not so bad," and that what is needed is simple patience all around, in this greatest of conciliatory undertakings.

The United States is not so far ahead as it was two years ago in development of atomic power, says David E. Lilienthal, chairman of the Atomic Commission. This is one more reason for putting a sound foundation for world peace in the front rank of legislative priority.

Sue Mills, Wesley Bert Frank Take Vows At Kerens

The marriage of Miss Sue Mills, daughter of Mr. and Mrs. Johnnie Mills, to Wesley Bert Frank, son of Mr. and Mrs. W. W. Frank of Dallas, was solemnized on Saturday evening April 27, at 7 o'clock at the First Baptist church in Kerens with the Rev. J. W. Ousley of Waco at officiant for the double ring ceremony.

Calla lilies in tall pedestal vases and white cathedral tapers in bronze floor candelabra adorned the altar.

Dwain Bruner was at the organ for the traditional wedding marches and the accompaniment for Mrs. J. W. Ousley, who sang "O Promise Me," and "Because."

Given in marriage by her father, the bride wore a slipper satin gown fashioned with sweetheart neckline, fitted bodice, and full gathered skirt that terminated in a train. Her shoulder veil of illusion was attached to a halo hat of white maline and she carried a bouquet of white bridal blossoms.

Attendants.

Miss Patsy Rene Murphy of Denton, as maid of honor, and Misses Dorothy Jean Wilson and Sara Hulen of Dallas, as bridesmaids, were attired in bule and pink silk marquisettes and carried colonial bouquets of sweetpeas.

Billy King of Dallas was best man and groomsmen were James L. Whorton and Billy Shelton of Kerens, and Wayne Mills of Henderson, brother of the bride, and Alvin Frank of Dallas, brother of the bridegroom, lighted the candles.

Reception Follows Ceremony.

Immediately after the ceremony, a reception was held in the home of Mrs. P. H. Brister. The guests were greeted by the parents of the bride and members of the bridal party, and Mrs. Brister invited them into the dining room, where Mrs. L. Murphrey served flower-embossed wedding cake and Miss Eleanor Norton poured punch. Miss Winona Etheredge presided at the bride's book.

After a short wedding trip, the couple returned to Dallas where the bridegroom is employed by the Dallas Power and Light Company.

Out-of-Town Guests.

Out-of-town guests included Mr. and Mrs. Dick Etheredge, Mr. and Mrs. O. B. Gill, LaVarne and Keith Gill, Bill King, Jack Bellringer, Alvin Frank, Misses Edith Mitchell and Loraine Oarnsby, Mrs. Irene Bean and daughter, Brenda Gale, Mrs. Martha Frank, Misses Sara Hulen and Dorothy Wilson of Dallas, Mr and Mrs. Moronie Hamberlin and daughter, Florette, of Gilmer, Mr. and Mrs. C. D. Gipson and daughter, Jean, and Roger Arnold of Greenville, L. E. Gray, Bill Coleman and Miss Patsy Murphy of Denton, Rev. and Mrs. J. W. Ousley of Waco, Mr. and Mrs. Jack Mills and son, Jack Roland, and Wayne Mills of Henderson, and Mrs. Johnnie Parker of Gainesville.

CORPORATION COURT

Speeders and reckless drivers arrested Sunday were to face City Recorder Chris L. Knox in corporaton court Monday. One man, 21, was arrested and charged with speeding, reckless driving and passing a car on the wrong side after he and his 1929 Ford allegedly tried to make a dashaway out of Beaton street. Officers Powell and Wiswell chased the motorist from the 100 block to the 600 block of North Beaton. A youth, 17, also faced speeding charges following his arrest by Offcers Blakney and Horn at Fifth and Commerce.

A quiet week end was recorded for Corsicana with only three being arrested for drunkenness, one for affray. A woman reported her husband hit her in the lip, split same. A disturbance was investigated and five dice shooters netted.

Thirteen cars were tagged for overparking Saturday, and four persons paid $1 each on Friday's tickets. One person paid a $1 overtime parking fine Sunday.

Miss Irene McCrery of Dallas spent the week-end with her sisters, Misses Sue and Jodie McCrery.

Miss Billie Anne Cheney, State University student, was a week-end visitor in the home of her parents, Mr. and Mrs. Hood Cheney.

Son Of Erin Stays In Character Even Before Recorder

Oh, 'twas a foin Irish name!

So Irish it dripped of County Cork. So Irish it made one think of fighting.

That was the trouble. It had made him think of fighting.

Fully equipped with all the outraged righteousness that a full-fledged son of Erin can display when annoyed, he came to corporation court Monday morning prepared for legal battle, having been charged already with a more prosaic one, namely, fighting, or affray, as one would have it.

"One at a Time."

"Now, Judge," he said, the words playing one-and-over as they popped zestfully out of his mouth, "let me get this straight."

City Recorder Chris L. Knox let him.

The party of the second part cut in.

"One at a time, please," growled the recorder, who does not like to have two people talk at one and the same time on a single subject.

"Owed Me Money."

"He owned me money," said the Irishman. "That is very low, to owe one money. I asked for it. He came at me with a knife, I grabbed mine, and dropped the judge. He cursed me something awful."

"Judge," said the other, "I was walking along peaceably. Here he came, with a knife. I ran. I ran pretty fast, judge. He cursed me."

Judge Knox fined each $10.

"He Pays, I Pay."

The Irishman with a sweeping gesture produced a swollen poke.

"When he pays, I pay," he said. "Or if he does not pay I will spend $500 to keep from paying."

The other man wouldn't pay as long as the Irishman stood there.

Finally the eloquent fellow decided he was losing time, had other fish to fry. He paid his $10, pocketed his receipt.

Going Out Again.

"This fellow," he said, pointing to Kelsey Blakney, policeman and collector of dollar bills and such paid in fines, "will tell you I never hurt mortal man. I pay willingly."

"And, judge," he added as he went cloppity-clop out of the courtroom, "while I think of it, maybe I'll be back again later in the day. There's another fellow owes me cash money and I'm on my way at this instant to collect it."

The other man silently paid his $10, went away.

Lt.-Gen. George E. Stratemeyer of Corsicana, commanding officer of Mitchell Field. New York, U. S. Army Air Forces, left Monday for Dallas to fly back to his post. Gen. Stratemeyer participated in the twelfth annual Corsicana invitation golf tournament here last week and was the house guest of Mr. and Mrs. Joe E. Butler. A farewell party was given in honor of Gen. Stratemeyer at the Butler home Sunday night. Forty couples attended.

Mrs. J. H. Barnebee of Blooming Grove, and her husband, Dr. Barnebee, of Blooming Grove are new member and associate member, respectively, of Kinsloe House. The Barnebees arrived in Blooming Grove recently from New York.

Mrs. Ruben Milligan of Richland and Ennis was in Corsicana on Saturday afternoon to attend the ninth annual birthday party of Kinsloe House.

MISS ROBINSON

Miss Elsie Maretta Robinson To Wed Dallas Resident

Mrs. Mattie Robinson, Corsicana, Route 1, announces the engagement and approaching marriage of her daughter, Elsie Maretta, to Leroy Trice of Dallas.

The wedding will take place in the Missionary Baptist church, Corsicana, May 19, at 8 p m., with the Rev. A. J. Kirkland performing the ceremony.

Miss Robinson is a graduate of the Blooming Grove High school and in 1941 trained for eight months in defense work at Waco. She was then assigned to the Consolidated Aircraft Corporation plant, Fort Worth, where she was employed for four years. She is now employed by the Southwestern Bell Telephone Company, Fort Worth.

The son of Mrs. J. H. Trice, 2402 Inwood Road, Dallas, Trice is a member of the Dallas police force and recently received an award as an outstanding officer. A veteran of World War II, he held a captain's commission in the military police and served overseas for 12 months. He is a Mason.

Corsicana Baseballers Win.

Corsicana sandlot baseballers trimmed the Pisgah Ridge nine by a 3-1 margin under the steady hurling of Lefty Bill Reed in a tilt played Sunday afternoon at the Pisgah Ridge diamond.

The win marked the second for the local high school and collegians over the Ridgers, the first ending 12-9. Thus far during the season the locals have three wins against no losses.

Governor and Mrs. Beauford Jester and son, Beauford, Jr., of Austin spent Mother's Day in the home of Governor Jester's mother, Mrs. George T. Jester.

TORNADOES

CONTINUED FROM FIRST PAGE

the storm reported this damage:

Two oil derricks, one owned by Stanolind and the other by Continental Oil Company, were knocked down. The value of each was placed at around $1000.

A Boy Scout hut, containing scout trophies and flags apparently was demolished since it "vanished completely" from its foundation.

A small country church, known as Smith Chapel, was moved off its foundation. The cables "snarled together like spider webs". Residents last night reverted back to candles as a means of household illumination.

The North Cowden region is made up mostly of oil leases, on which are several oil company plants, derricks, producing wells and one gasoline plant.

Three Others Hurt

Two days of heavy rainfall preceded the Oklahoma tornado which first descended about six miles southwest of El Dorado in the Red River bottom land: on the Texas border. It moved northward to a point about seven miles north of the Oklahoma community before lifting.

The hospital at Quanah, Texas, said three persons suffering injuries received in the Oklahoma storm were treated there. They were identified as Mr. and Mrs. Henry Curry, an elderly farm couple hurt when their farm home collapsed, and J. A. White. None of the three was seriously hurt.

The Eldorado tornado ripped through a number of crop fields and blew down power lines. Throughout that section of Oklahoma severe electrical storms and heavy rains were reported.

The tail end of the Texas twister apparently was felt by Ackerly, but so far no reports of serious property damage there has been received.

Advantages Of High Quality Vitamins

By W. P. BROWN
Of Johnson's Pharmacy

There is a distinct advantage in discrimination. Vitamins cover a wide field, and serve a variety of needs.

It is wise, therefore, to have expert counsel in the purchase and consumption of these magnical little capsules.

Responsible pharmaceutical firms spend endless time and money in research, in establishing the source, the method of extraction, and the preparation of Vitamins.

The question remains: what Vitamin, or Vitamins, how much, how often? Expert advice from your doctor or your trusted druggist is always available.

This is the 88th of a series of Editorial Advertisements appearing in this paper each Monday and Tuesday. (Copyright).

It Happened 25 Years Ago Today

(From the Files of The Corsicana Daily Sun)

Southwest Conference members went on record today against the paying of athletes to matriculate in order to play foodball.

"College Days" annual high school operetta, was presented to an overflow audience with a large cast of students taking part. Commencement exercises were slated to be held in a local theater.

Chicago was in a state of virtual civil war as police and labor groups battled with two policemen and four others slain and a number injured. Pistols, rifles, and shotgun blasts reverberated over the city.

The Pittman hotel at Currie sold for $50,000 today.

Robert Calvert, president of the junior class at State Home school, introduced Dr. Stockton Axson of Rice Institute, who was the principal speaker at the scsool commencement exercises.

Dr. Axson was also slated to be the commencement speaker for the graduates of Senior High School on May 26.

LABOR LAW

CONTINUED FROM FIRST PAGE

quence." He added that from 10 to 15 Democrats will vote against it.

Good Majority Seen

Dismissing the Murray proposal as likely to get only a "handful" of votes ,Senator Bill (R-Minn) predicted that when the senate finally buckles down to action, it will pass the omnibus bill before it by more than a two-thirds majority.

Senator Taft (R-Ohio), agreeing with that estimate, said a vote tonight is possible. Taft added, however, he could make no promises that the final showdown would not be delayed until later in the week.

Senator Olin D. Johnson (SC), one of the 11 sponsors of the substitute measure, said a vote may not be reached until Friday.

Substitute Little Favored

But whenever the roll is called, Senator Ellender (D-La) predicted that "at the most" there will be from 18 to 22 votes for the substitute.

Ellender, a member of the labor committee which wrote the big measure, termed that bill "a pretty careful piece of legislation that certainly merits a presidential signature."

At the same time Senator Russell (D-Ga) announced he intends to support the committee bill and to vote to override if there is a veto.

Senator Aiken (R-Vt), who has been critical of some of the stringent restrictions favored by other Republicans, said sponsors of the Murray proposal "had a hard time getting 11 senators to put their name on it."

Truman Progrm Outlined

"It might not get more votes than that," Aiken said.

Murray, former chairman of the labor committee under Democratic majorities, said the substitute contains "all the recommendations of President Truman" and other "desirable feautures" of both senate and house bills.

The Murray measure would seek to combat jurisdictional strikes and secondary boycotts by means of National Labor Relations Board "cease and desist" orders and would make unions liable for certain unfair labor practices. But it carries few of the teeth of the parent measure.

Injunctions Not Sought

It does not, for instance, permit the government to apply for injunctions to block "national pararlysis" strikes. Nor does it forbid the closed shop under which employers may hire only union members.

The committee bill, by means of an amendment adopted last week, would allow employers to sue unions for damages resulting from jurisdictional strikes and secondary boycotts. The latter is a union attempt to hit at employers indirectly by forcing other employers to quit dealing with them.

LABOR-FUTURE

CONTINUED FROM FIRST PAGE

to limit industry-wide bargaining may influence some of the southerners. The house already has voted to prohibit industry-wide bargaining. Therefore the labor bill which finally passes congress may or may not contain this provision.

Ship Strike Looms.

Maritime—The contracts of five CIO maritime unions will expire June 15. The biggest unions involved are Joe Curran's National Maritime Union, on the East Coast, and Harry Bridges' Longshoremen, on the West Coast.

Railroads—The rail unions have made demands, but no crisis is likely to develop before fall.

Seventeen non-operating unions (telegraphers, clerks, railroad shop workers, and the like) have banded together and demanded a wage increase of 20 cents an hour.

Rail Threat Seen.

The five operating brotherhoods (Engineers, firemen, trainmen, conductors, and switchmen) also have decided to work as a unit to seek changes in their working rules.

Both groups have asked the railroads to set up committees for nation-wide bargaining. The railway labor act requires a number of time-consuming steps before a strike becomes legal, and the process has barely begun.

Construction—Local wage disputes in the building trades are cropping up here and there, with more to come. This is the season when contracts in the industry generally expire.

There already have been scattered strikes. Such disputes nearly always are confined to a single community but they have a heavy impact on that community.

CARD OF THANKS

We take this method to thank each and everyone of those who rendered their many kind deeds during the illness and death of our mother, daughter and sister, Mrs. Myrtle Meadows

SWEATT

CONTINUED FROM FIRST PAGE

Sweatt applied for and was refused admission in February, 1946. Qualified as a student except for the fact he is a negro, Sweatt is contending Texas' segregation laws violate the United States constitution.

Late last year, Sweatt's application for a writ of mandamus was rejected by Judge Archer. Sweatt carried the case to the Third Court of Civil Appeals here.

New School Set Up.

Meanwhile, the legislature passed a bill appropriating $3,000,000 for establishment of the Texas State University for Negroes. It included an interim law school at Austin, utilizing University of Texas law school teachers and the supreme court library.

Neither Sweatt nor any other negro applied for admission.

Attorney General Price Daniel then filed a motion before the appeals court, asking it to return the case to district court for full development of new facts including establishment of the negro university and the interim law school—and Sweatt's attorneys agreed to it about midway of their oral presentation of arguments.

The intermediate court ordered the case remanded without prejudice to either side, and without ruling to any of the points argued.

Hot Radiators

A hot radiator keeps your motor from performing as it should. We clean out all makes and models to make them run cool. If it's the radiator we can fix it.

A. M. DONOHO & SON

CLEAN-UP

CONTINUED FROM FIRST PAGE

with eliminating typhus and polio altogether from the city limits.

Citizens Interested.

"You would be surprised how many people stop me on the street and ask when we will be around this year with the spray," Dr. Miller said. "Some of them say that last year was the first time in their lives the mosquito had been eliminated with such thoroughness they could enjoy sitting on their front porches."

The spraying with deadly DDT will come along later in the compaign. First, officials said, it will be necessary to get the places clean, the vacant lots rid of their foliage, the creek banks cut down and the creek beds cleaned out.

Dry toilets—of which Corsicana has more than probably any town of its size this side of India—will come in for attention when the sprays are cut loose.

Cemetery Meeting.

The annual Cemetery Association meeting at Emmett was held Saturday.

Muddy roads in the western part of the county last week end curtained the attendance.

Betrothal Of Miss Helen Statham Is Announced Today

Mr. and Mrs M. H Statham, 1910 West Third avenue, have announced the engagement of their daughter, Miss Helen Statham, to Hugh R. Wood, son of Mr. Hugh Wood of Baumont.

The announcement was made at a luncheon given by Mrs. Statham at her home Saturday, May 10th. Places were marked for twenty-eight guests with place cards and table decorations of pink calla lillies, roses, and silver bells tied in pink satin ribbon with the inscription, "Helen to Hugh, June 7th."

The couple will be married June 7th at 4:00 p. m., at the First Methodist Church. Misses Bettye Robinson and Martha George will serve as bridesmaids. Bill W. Golden of Seymour, room-mate of the bridegroom, will be best man, Ernest W. Hunt of Olney will be groomsman and E. H. Anderson and John Paul Robinson will be ushers.

Attending the luncheon were Mmes. H. C. Robinson, Paul Robinson, Paul DeHaes, H. B. Love, L. C. Slimp, Jr., and Sam Werner. Misses Jo Ann Robinson, Bettye Robinson, Martha George, Frances David, Anne Smith, Betty Crain, Billie Ann Cheney, Carolyn Dublin, Shirley Goins, Eleanor Bragg, Marilyn Moore, Beverly Bohmfalk, Mary Lois Seale, Jerrine Thompon, Joyce Franklin, Dorohty Hathorn, Elliott Burton of St. Louis, Missouri, Betty Hawthorne of Houston, and the honoree and hostess.

Drilling Continues For Deep Oil Test

Casing was set on the J. L. Collins No. 1 Barnett Balthrope survey, over the week end and drilling is reported underway once again.

Midstring was set around 3,575 feet in the Georgetown section topped at about 3,500. Elevation of the Travis Peak exploration is 385 feet with contract to 6,500 feet.

Location of the well is on the Lillie Barnett tract on the old Bazette fault line a few miles north of Kerens. The rig is in the southeast corner of the 160 acre tract in the B. G. Balthrope survey.

The wildcat test is in the immediate area of former production in the Woodbine sands An electrical survey was made on May 7, but no reports are forthcoming from the company.

Daniels Drilling company of Fairfield has the contract.

Freestone Anti-Cancer Chairman Appointed

FAIRFIELD, May 10.—(Spl.)—Appointment of Miss Shelvia Carlile of Fairfield as chairman of the Freestone county unit of the American Cancer Society was announced Thursday by Frank C. Smith, president of the Texas division of the society.

Pointing up the importance of the Freestone county unit, J. Louis Neff, executaive director of the Texas division, announced that according to official statistics of the state board of health, 35 persons died of cancer in Freestone county during the past two years.

The Freestone county unit, under Miss Carlile will organize a program to combat the nation's second largest death-dealing disease—cancer.

JAMES MATHIS, DALLAS PIANO SENSATION, TO BE PRESENTED AT NEVIN DINNER ON SATURDAY

The Nevin Club will climax forty-nine years of musical activity with a gala dinner occasion on Saturday evening at 7:30 o'clock at Kinsloe House with James Mathis of Dallas, thirteen-year-old pianistic sensation, as guest soloist. James has been widely acclaimed in Dallas and other sections of the state, and was presented to a large and enthusiastic audience at the Nevin Club's annual grand finale dinner last May. He was brought back to Corsicana by the Parent-Teacher Association of Robert E. Lee School for a program at Corsicana High School in February, when he was again received with enthusiasm.

James, who is the son of Mr. and Mrs. James D. Mathis of Dallas, began his musical career at the age of 6 when he enrolled in a class of public school music. After one year, he began private lessons with Mrs. Bianci of Dallas. For the past four years, he has been a pupil of Dr. and Mrs. Paul van Katjwik of Southern Methodist University and won first prize in the Junior van Katjwik Club in 1941, 1942, and 1943.

At the age of 10, James won first prize in the Mu Phi Epsilon contest, and in 1944, he appeared for the first time with the Symphony Orchestra of the Southern Methodist University. Since that time he has spent a summer at Interlochen Music Camp in Michigan and has made his debut with the Dallas Symphony Orchestra.

Much interest is being evinced in his return to Corsicana, and reservations are already being made for the Saturday evening dinner program at Kinsloe House on May 17th. Members of Kinsloe House and affiliated organizations will be privileged to make reservations for the occasion, according to announcement by officials of the Nevin Club.

Details of Program

Details of James Mathis' Corsicana program have been announced as follows:

English Suite No. 2..........Bach
Prelude
Allemande
Courante
Sarabande
Gigue

Sonata, Op. 31, No. 2....Beethoven
Allegro
Adagio
Allegretto

Grain Futures Rally

CHICAGO, May 12.—(AP)—A rally led by May wheat developed toward the close of grain trading today when reports from Washington said the government was not planning any extension of time for cash delivery of wheat.

May wheat, which was off as much as 3 cents during the early trading spurted quickly on short covering and at one time went above the preceding close. Strength in this contract created a buying movement in all other grains.

Cash grain dealers have contracted to deliver wheat to the Commodity Credit Corporation by May 31. If this delivery date were postponed until June 30, these contracts could be filled from new crop wheat. This possibility, now denied, weakened the May wheat contract late last week and early today.

The sharp rally continued to the close. Wheat finished 3-4 to 2 1-2 higher, May $2.66 1-2 1-4, corn was 3-4 to 2 3-4 higher, May $1.69 3-4 $1.70, and oats were 1-2 to 3-4 higher, May 92 3-4 7-8.

Lard shared the rally after July and September had set new seasonal lows in the early trading. Final prices were 20 cents lower to 15 cents a hundred pounds higher, July $1.05.

Reports from the southwest said that wheat in southern Kansas "was about 10 days late, but that growth in Oklahoma was about normal. Warm, sunshiny weather was said to be desired rather than more moisture at this time.

b—Bid.

New York Cotton Table

NEW YORK, May 12.—(AP)—Cotton futures turned irregular in quiet trading today. Old crop deliveries were under pressure of New Orleans and commission house liquidation and declined to losses of a little more than $1 a bale before recovering on mill buying and short covering. New crop months were relatively firm on buying attracted by the sharp discounts compared with the nearby deliveries.

Futures closed 40 cents to $1.45 a bale lower than the previous close.

	Open	High	Low	Last
May ...	36.45	36.64	36.30	36.39

NEW YORK STOCK EXCHANGE

(By The Associated Press)

NEW YORK, May 12.—(AP)—Stocks, with scattered exceptions, stumbled into losing territory today although pressure on the market was relatively slack until a last minute liquidation flurry.

Dealings during the greater part of the proceedings were among the slowest of the past year. Selling became more active in the final half hour and closing declines of fractions to better than 2 points were widespread. Transfers ran to around 700,000 shares for the full stretch.

Norfolk and Western, ex-dividend, was up about 4 points on a few sales following the splitup petition filed with the ICC. Industrial Electric of Mexico touched a new top. Glenn Martin, a recent weak spot, revived. Resistant were Oliver Corp., Reynolds Tobacco "B," Owens-Illinois, Glidden Co. (on a raised quarterly), and J. C. Penney.

Standard Oil (NJ) and Texas Co. reached new 1947 highs before backsliding. New lows for the year were posted for Burlington Mills, Rexall Drug, Pfizer and Lockheed. Losers included Youngsstown Sheet, Bethlehem. Alleghany Ludlum Steel, Chrysler, U. S. Rubber, Corn Products, United Carbon, Lion Oil, Santa Fe and Union Pacific.

The first hour's volume of 100,000 shares equalled last week's minimum for that period since July a year ago.

Caution was the watchword in financial quarters pending more light on the course of business, labor and tax legislation, wage-price situations and foreign problems.

Bonds were uneven.

ROUTINE MATTERS DISCUSSED MONDAY BY COMMISSIONERS

Routine matters were discussed at the regular meeting of the commissioners court Monday.

A. R. Cook, who resides in the Pickett community, and others appeared relative to the closing of an old road—the old Corsicana-Waco road—by property owners. Cook said that one end of the road had been fenced by J W. Edens and the other end by Cecil Moore, necessitating the opening of gates. Cook told the commissioners that thirty-two persons used the road from Friday until Sunday night.

Cook agreed to wait a day or two until a commissioner could confer with the property owners relative to cattle guards or other changes. Members of the court said that no orders had been issued for the closing of the road. Commissioner Garland Kent said he would talk to the property owners about the matter. Cook expressed a fear that he would be accused of leaving the gates open, causing arguments—and intimated he did not plan to keep closing the gates.

The monthly reports of the agricultural and assistant county agents were received and ordered filed.

Claims were allowed except as noted on the claim docket.

E Y. Cunningham, county auditor, advised the court that the March report of Arnold A. Armstrong, assessor and collector of taxes, had been made of automobile registration receipts showing Precinct 1 receiving $24,690 24, while the other three precincts receiving $20,149.85—a grand total of $85,138.79. The auditor said this was a considerable increase over that of last year, but did not have the exact figures.

The court planned to meet Monday afternoon.

PHONES

CONTINUED FROM FIRST PAGE

had rejected the union's demand for an across-the-board hike of $6, with other adjustments, saying it would cost $13.65 per week per employe to meet the demand.

The 15,000-member Ohio Federation of Telephone Workers declined a company offer of a $4 across-the-board increase.

Negotiations will be resumed in Washington late today between Western Electric Company and the National Association of Telephone Equipment Workers.

Rev. W. O. Harmon has been invited to deliver the Baccalaureate sermon for the graduating class of the State Home on Sunday evening, May 18th.

Kerens Garden Club Given Book Review By Mrs. Bohmfalk

KERENS, May 12.—(Spl.)—An enjoyable and proftable year's study in the Garden Club was brought to a close Thursday afternoon when its members assembled at the First Baptist church to hear Mrs. Erwin F. Bohmfalk of Corsicana in a book review.

Mrs. G. H. Sanders introduced the guest speaker, who in her introductory remarks stated that since she was to address a group of nature lovers, she had chosen "The Snow Goose," by Paul Gallice.

Mrs. Bohmfalk, who during the past few years has made for herself a name as a book reviewer, held the attention of her listeners and again proved her charm and adroitness in handling a book review.

Following the review, the club members and their guests were invited to the home of Mrs. R. P. Walker for tea. They were welcomed by Mrs. Walker, Mrs. John Mullins and Mrs. P. H. Brister, and they were invited into the dining room where Mrs. W. L. Bain, Jr., Mrs. J. C. Clayton and Mrs. Emmett McCluney served sandwiches, fruit punch, and chocolate cookies from a table covered with a green organdy cloth and centered with a beautiful arrangement of white peonies. Red roses were used as decorations in the living room.

LEGISLATURE

CONTINUED FROM FIRST PAGE

which have been dormant for many weeks. Any effort to revive them at this stage of the session apparently hinged on whether the authors felt they could find enough votes to give them a good run.

Otherwise, they faced death by dry rot. Scores of important measures perish on the calendar each session.

Action leading to a final showdown on the related questions of appropriatinos and taxation was expected in both the house and the senate before the middle of the week. The senate finance committee has been working on the house-passed higher education bill, and a cut of $10,000,000 in the house version was anticipated.

The house probably will vote not to accept the senate changes and the measure would then go to free conference committee. This is where the final definite work on such bills usually is done.

The house was expected to take up the senate-passed departmental appropriations bill and it should also wind up in free conference committee before the end of the week.

NAVARRO COLLEGE SPONSORING RODEO FRIDAY, SATURDAY

The first Texas Championship Junior College Rodeo will be held May 16-17 at 8 p. m. in the Fair Grounds rodeo arena under the sponsorship of Navarro Junior college.

Nine Texas junior colleges have entered the four big events. In addition to the host school, entrants will come from North Texas Agricultural college, Arlington; John Tarleton college, Stephenville; Southwest Junior College of Uvalde; San Angelo, Cisco, Kilgore, Clifton, and Weatherford Junior colleges.

A total of $550 in prizes have been arranged for the four main contests—bareback bronc riding, calf tie-down, saddle bronc riding, and bull riding.

Championships will be declared in the four events with the state champion all-around junior college cowboy to receive a $150 roping saddle.

Prizes will also be given in the special woman's flag race, contestants for which can come from any community in Navarro county. R. L. Waller, president of the school, said Monday that the entry list on this event was still open.

Also on the schedule will be a street parade at 5 p. m. Friday in the business section with all horsemen in the county and surrounding area invited to participate along with merchant's trucks and floats.

On the rodeo slate are the Lamb Sisters from Dallas, trick riders and ropers, a clown and a trick mule, plus other attractions. The Junior Chamber of Commerce will manage the concessions for the college.

Stock for the show is furnished by Grafton Nuckols, Waxahachie, professional stock man, while prizes are coming from the city and other parts of Texas.

At 6 p. m. May 17, the Lions club and the Junior Chamber of Commerce will hold a barbecue for senior students of all high schools in the county.

FREIGHT RATES

CONTINUED FROM FIRST PAGE

The nine states opposing the increase were: New York, Delawars, Indiana, Maryland, Michigan, New Jersey, Ohio, Wisconsin and Pennsylvania.

Douglas wrote a 28,000 word opinion in upholding the commission's findings of discrimination among the territories.

Further, he said the commission is correct in its finding that there is projudice against the Southern region.

Douglas said that the record before the commission made out a strong case for an inference that natural disadvantages alone "are not responsible for the retarded development of the South and the West, and that the discriminatory rate structure has also played a part."

"Where the result of a rate order is not clearly shown to be confiscatory but its precise effect must await operations under it," Dauglas stated, "the supreme court has refused (in the past) to set it aside despite grave doubts as to its consequences.

"The reasons for following a like course are equally impelling here."

Fairfield Shower Compliments Miss Fern Richardson

FAIRFIELD, May 12—(Spl)—Miss Fern Richardson was honoree for a bridal shower Saturday afternoon, April 26 at the home of Mrs. Roger Steward. The guests were received by Mrs. Steward, Miss Richardson, Mrs. Furney Richardson and Mrs. Sam Corley, mother and aunt of the bride-elect.

Mrs. Roger D. Steward presided at the brides' book and guests were directed to the room where the gifts were displayed by Mrs. Tom Lindley.

The bride's table was laid with a white linen cloth with cut work and lace, with a centerpiece of pink roses and white tapers.

Frozen punch and angel food squares iced in white were served by Mrs. Jasper Nettle and Mrs. Dub Gibson.

The rooms were beautifully decorated with scarlet red roses.

Hostesses assiting Mrs Steward were Mrs. C. N. Willford, Mrs. Tas Watson, Mrs. Emma Hill and Mrs. Roger D. Steward.

Woman Is Wounded; Police Investigate

Police Saturday were investigating the wounding of Mrs. Peggy Pride, 33, Route 3, who was brought to the P. and S. Hospital Friday night by a man who left immediately and had not been found Saturday.

The woman, hospital attendants said, was shot in the left leg, and her condition was not considered serious. Police said she was shot with a .22 caliber weapon.

The woman told police she was shot by one of three men with whom she as riding on South Highway 75 near Corsicana.

MERGER

CONTINUED FROM FIRST PAGE

"I will reaffirm my previous position regarding this issue that legislation for unification of the armed forces, in my opinion, is essential."

The present unification bill was drafted by Army, Navy and Air Force heads under a White House directive to compromise their previous differences.

Single Department Set

It would set up a single department of national defense under a civilian cabinet secretary. Subordinate secretaries of Army, Navy and Air Forces would administer the three major services.

The wartime joint chiefs of staff, Army-Navy munitions board, central intelligence agency, national resources board and central research and development agency would be granted permanent status.

U.N.

Miss Carolyn Childs student at Baylor, spent the weekend here with her parents, Mr. and Mrs. C. S. Childs.

Mr. and Mrs. Francis Fryer and Barbara, and Mrs. J. S. Ivy Jr., visited Mr. and Mrs. Douglas Fryer in Richland Monday night.

Mrs. Archie Giles and daughter, Christine, of Palestine, spent the weekend with Mrs. Nettie Coats.

Mr. and Mrs. Jim Medario spent the past two weeks visiting in Hillsboro and Itasca.

LOCAL PHONES

CONTINUED FROM FIRST PAGE

dishonorable proposal. The restoration of telpehone service and fair dealing with its employees apparently means nothing to the Southwestern Bell Telephone Co.

"The company's proposal provided no increase whatsoever for 54 directory sales employees who are paid on a salary-commission basis. Only $2 per week for 5,690 other employees. Three dollars per week for 26,260 others. Three dollars and fifty cents for 99 people, and $4 per week for 10,200. The increase in basic wages would amount to only $3.13 per week per employe. An additional 12 cents per week would cover the cost of so-called fringe issues. It is obvious that both the wage increase and the fringe increase offered is very thin. Particularly when contrasted with the $6 and up which has been given by every other major industry in the country. Even when compared with the offers made by other Bell System companies, this is the thinnest thing we have seen."

Company Stand Outlined.

The company, on the other hand, characterized the union's demand for a $6 over-all wage increase as "fictitious and and fantastic."

At the Corsicana office Monday morning it was announced that one union operator had returned to her switchboard job.

The statement regarding the wage battle follows:

"The union's wage proposal is not just a demand for a $6 weekly increase to all employees.

Union Demand Rapped.

"It is a demand which far exceeds $6 and represents little change in the union's original proposal.

"The union has manipulated wage schedules to offset its professed reduction on basic wage demands. Its proposal would mean not $6 a week, but an average of approximately $8.31 per week per employee. The increases demanded would range from $6 to $24 per week. Including additional so-called "fringe" demands, total cost to the company would amount to $13.65 per week per employee, or 34.2 per per hour.

"This is obviously fantastic. The proposal is unacceptable. Although the union has withdrawn its demand for a union shop, we are still far apart on many of the other vital issues which must be solved.

"The company's offer of Saturday stands. It would increase wages of 10,000 employees by $4 per week; of 26,000 employees by $3 per week; and of 6,000 newer employees in smaller towns by $2 per week.

"The company feels this offer is a fair one to all concerned."

Corsicana Girl Wins U. T. Honor

AUSTIN, May 10.—(AP)—Winners of awards for outstanding scholarships among girls at the University of Texas have been announced.

They include: Dorothy Ean Spencer of Bloomington the Kathleen Bland scholarship and Lorene Mann of Corsicana, the University of Texas Sports Association award.

Negro Dice Shooters Booked For Gambling

Negro dice shooters faced the same old story Monday.

Arrested by Officers Blakney and Horn after they traversed a wire fence barricade in numerous backyards, five of the players were booked for gambling.

The man in whose Twelfth street house the game was being held, was fined $25. The others were fined $10 each, police said.

It was at the same house several weeks ago that the game progressed undisturbed with the aid of "lookouts," who neglected to look at the right time, allowing officers to jump through the front door.

Mrs. Albert R. Watkins and son are doing nicely.

G. W. Murrell is a medical patient.

Good Fishing

Sunday was another fisherman's day at the City Lake, and Corsicanans lined the lake the same as they do on almost every pretty week-end.

One of the best catches reported was by Glen Smith, who snagged a 6-pound bass with a rod and reel, using a Hawaiian wiggler No. 2.

Smith's father-in-law, W. B. Waddell, was bemoaning the fact Monday that in all his years of fishing at the spot, begun when the lake was in its infancy, he had never made such a catch. Smith is a comparative newcomer in local fishing ranks.

Misses Frances and Dorothy David, SMU students, were week-end visitors in the home of their parents, Dr. and Mrs. Wilson David.

SOLUTION OF SEWER PROBLEM DISCUSSED AT MEETING FRIDAY

WEST END CITY LIMITS EXTENSION OFFERED TO MEET SITUATION

Notice to property owners living west of Corsicana between the city proper and the State Orphans Home and the IOOF Orphans Home, that the city commission is considering taking the area into the city limits, was given Friday at a meeting between state, city and home representatives called to afford a solution to a sewerage problem.

Edgar Rittersbacher, water commissioner, sounded the warning after Bill Cruse, spokesman for a group of the property owners, had told the group that the home owners would be "happy" to pay any reasonable charge for tie-in service with the 10-inch concrete and tile line that was built by the State and IOOF Homes in 1926.

Complex Problem.

The state, represented by R. H. Mulholland, utility engineer of the state board of control, had told Mayor Hubert T. Braselton and Commissioners Rittersbacher, P. Travis Fullwood and J. F. Davant, Jr., that continued unauthorized tie-ins on the line had forced a complex problem of sewage disposal to the surface.

He, together with E. K. Stork, attorney for the board of control, told the city officials that the state would be willing to transfer title to the line to the city if proper supervision worked out under some acceptable plan could be arranged.

Willing to Pay.

Cruse told the group that some of those living in the area had all conveniences, some a few of them. He pledged support of the property owners in financing any charge the city might levy if and when it took over the line, declaring a year's advance payment could be arranged. He said it was the concensus that the property owners "at this time" do not desire to have the city limits extended to embrace the area.

Rittersbacher expressed the belief that a monthly charge would not take care of the situation.

"It goes farther than that," he said. "A heavier load on the line means a heavier load on an already taxed disposal plant. We have to spend more money on the plant, and we don't have it, nor do we know where to get it right now.

"It may be the fair and equitable thing to take you gentlemen into the city limits. I am not saying this will be done. But it is a point for you to be considering."

Extension Discussed.

Mayor Braselton also said that the extension of city limits has been discussed, and that "it may be well for you to consider that angle, too."

Fullwood apparently was cold to the proposition of the city assuming the obligation of taking over a line laid in 1926, and pledging itself to keep it up.

He indicated he preferred a three-way agreement between the two Homes and the city, with costs being allocated.

Mulholland, in discussing the sewer line and the water line to the Home, said "a definite problem of disposal of waste has been created. It is time to get our heads together and solve it."

Not Overloaded.

In answer to a question by Mayor Braselton as to whether it was the belief of the engineer that the two Homes would eventually furnish a full capacity for the line, Mulholland said he did. He added that the line, even with its present tie-ins, was not overloaded at the present time.

"We want to be sure we have adequate sewer lines when the capacities of these two homes increase," he added. "I feel sure the city and the residents of Corsicana do not want domestic sewerage overflowing in that area and creating a definite health hazard.

"In other words," Mayor Bresenton asked, "you see our city growing out that way and—"

"That is definitely true," the engineer replied.

Water Facilities.

Water facilities also came in for discussion, with the state pointing out there now exists a dead-end line at the State Home, whereas a loop line probably would relieve a condition of low pressure. The Home pays $500 a month water bills, the engineer said.

"Please understand the position of the state board of control," Mulholland continued. "It is not our desire that your city spend a lot of money unnecessarily. I wish the city could operate the line on some basis, either on one of establishment of a change to the individuals tied in to the service, or by taking the property into the city limits."

Conley Lovelace, superintendent of the Odd Fellows Home, said the position of that organization was identical with that of the state.

No Revenue.

Moyne L. Kelly, superintendent of the State Home, told the group that "the line now brings no appreciable revenue to anyone. It looks to me that the question has come to this: Shall the city take over the supervision of the line?"

Cruse said it was feared by property owners in the area that a current building program in the area would be damaged if the limits were extended. He said there were approximately 50 homes—and no rent houses—in the area, with 30 more in some process of building.

"We would be happy to pay a sewer tax for use of the line," he said. "We can raise money for additional expense."

"You're not making application right now to come into the city?" Mayor Braselton asked, laughing.

"Not right now," Cruse replied.

Exhibits Contract.

Clyde Hefner, long-time resident of the area, showed the commission a contract he had whereby he paid the city $1 a month for the privilege of using the sewer line. He said he had been paying it for years.

The problem was dumped squarely into the lap of the city commission. Mayor Braselton said it would have to be worked out in conferences, and told Cruse he would notify him of meetings so that the property owners' contentions could be blended into the overall discussion.

The little commission room was crowded with spectators, most of them property owners.

Others taking part in the discussions, which lasted from 10:15 a. m. to 11:15 a. m., were Fred Blucher, former city engineer; J. Mack Jones, city engineer; Julius Jacobs, city attorney; Bill Allbright, state health department, and numerous property owners.

Officers Named.

Frost cemetery association recently elected the following officers:

Dr. J. W. Matlock, president; Tom Hooser, vice president; Mrs. Iva Grimes, secretary-treasurer.

Finance committee — Raymond Jones, W. E. Bowman, Curtis Patterson, L. O. Ellis, W. F. Bonnett, Jerry Smith, Ernest Hooser and G. E. Moore.

Legion Elects.

Officers recently elected by the Scruggs-Ellis Post No. 171, American Legion, Frost, are Glenn L. Sybert, post commander, and Bennie Scott, vice commander. An adjutant will be appointed by the post commander later.

Mother-Daughter Tea Of Navarro HD Clubs Success

Over a hundred guests attended a Mother-Daughter tea sponsored by the Navarro County Home Demonstration clubs and 4-H clubs Saturday afternoon, May 10, at the YMCA.

Mrs. Homer Logan was in charge of the program, which was made up of piano selections by Marcia Lou Bell of Barry, vocal numbers by Frankie Nell and Virginia Dell Shaw, and tap dancing by Peggy and Wanda Logan.

In the receiving line were Mrs. D. B. Bennett, Mrs. R. V. Gonten, Miss Eva Sue Merritt and Miss Frances Riley.

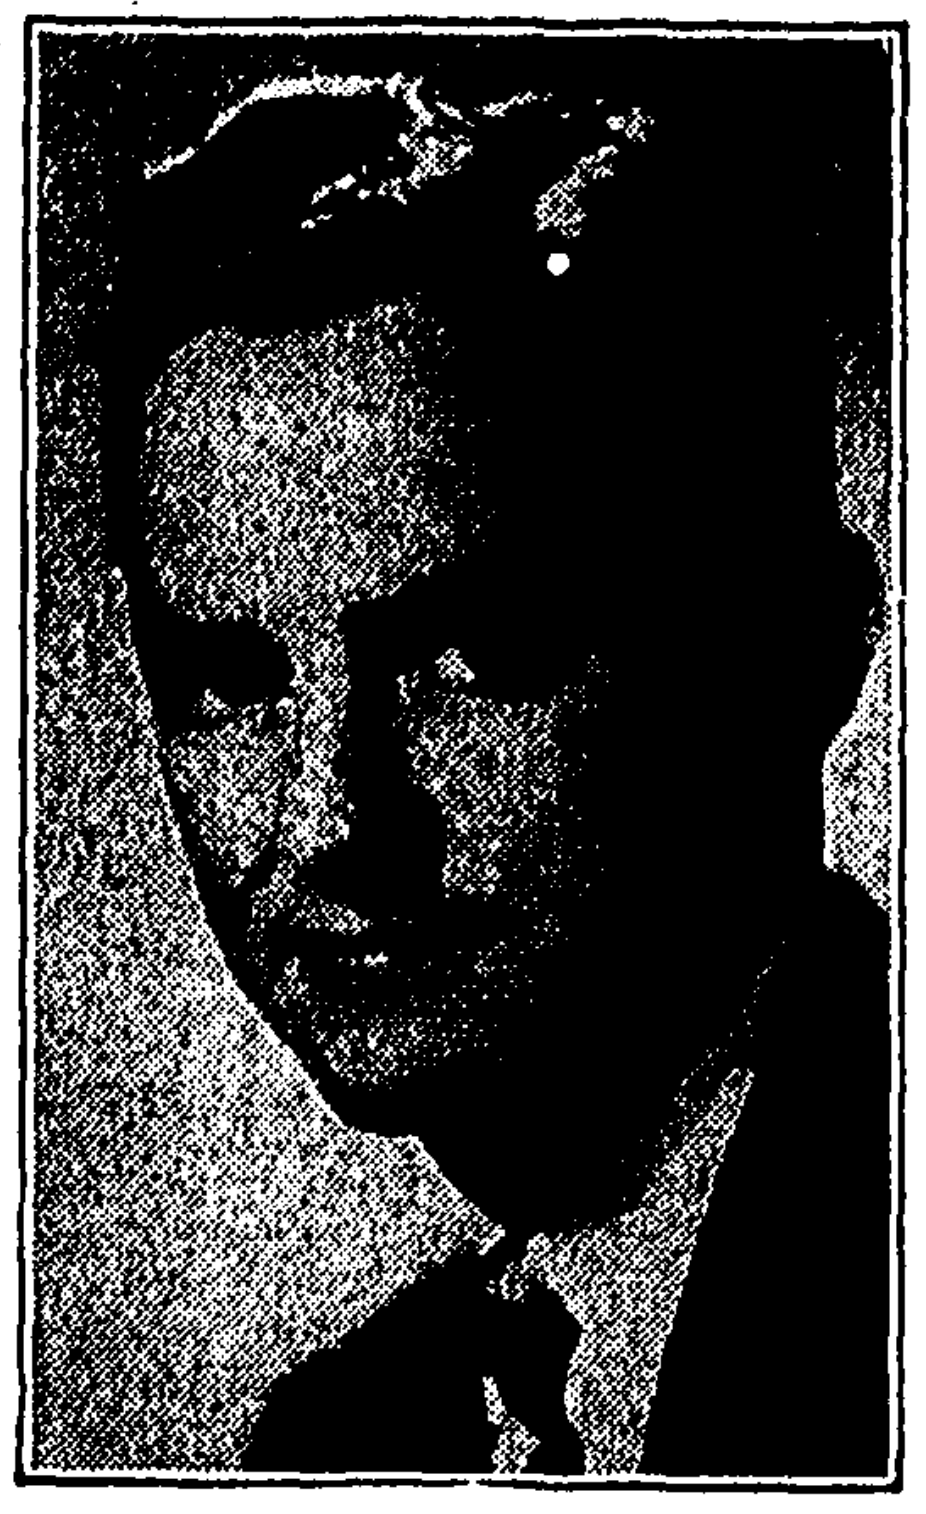
Mrs. John Hughes was in charge of registration. In charge of arrangements were Mrs. S. A. Beeman, Mrs. A. S. Fullerton, Mrs. Percy Varnell.

Mrs. Bert Kilcrease, Mrs. Beden Owen, Mrs. Sam Tucker and Mrs. Henry Haveman poured tea, and Patricia Moody, Shirline Anderson, Wynell Beeman and Mary Owen assisted in serving.

OFFICERS SHOOT TIRE FROM TRUCK; FILE DWI CHARGE

A negro man was in the county jail Friday charged with driving while intoxicated after Constable Joe Allen was forced to shoot a tire off the offender's truck before stopping him and making the arrest on Highway 75 south of Richland Thursday night.

The truck was seen as it passed through Corsicana and was reported to Deputy Sheriff R. E. Jones and Constable Joe Allen, who overtook it near Richland. The use of their siren, red light and horn failed to get the officers around the truck, which used both sides of the road at will. A bullet through the left front wheel put the truck out of commission and the tipsy driver in care of the law.



GEORGE HUTSON

TELEPHONE COMPANY OFFICIAL SPEAKER AT JUNIOR COLLEGE

George Hutson of the information department of the Southwestern Bell Telephone company, was the principal speaker at the assembly exercises at Navarro Junior college Friday at 10:30 a.m.

Introduced by H. P. Phillips, manager of the local unit, the speaker told of the four great weapons developed in the war and on which company research paid a vital part—the atomic bomb, radar, electrical gun director, and the proximity fuse.

The speaker dwelled on the electrical gun finder and radar for his address. A ten year employee of the firm, he spent three and a half years with the Signal Corps in the European theater.

For the future, the speaker saw natitonal wide dialing systems, television through radio relay, push button telephone dials, and other improvements for the average American.

Charlie M. Highnote Re-Enlists In Army

Charlie M. Highnote, 21-year old army veteran, holder of the Silver Star, re-enlisted in the regular army on May 7, it was announced today by the local recruiting substation.

The son of Mrs. Lottie Highnote, 1105 South Eighteenth street, he he served in the European theater from Jan. 8, 1945, until Aug. 1945, participating in the Rhineland and Central European campaigns.

Holder of the Combat Infantryman's Badge and the European Theater Ribbon, he was honorably discharged at Camp Shelby, Miss., on Oct. 22, 1945.

A mechanics helper in civilian life, he already has 27 months of army service to his credit. He plans to make the army his career.

A former infantryman, he chose the armored forces for his branch of the service and the Pacific theater as his assignment.

Man Injured In Truck Accident

W. T. Roper, aged 49 years, is in the P. and S. Hospital apparently suffering internal injuries as a result of a truck accident Friday night near the Oaks golf course on Highway 75.

Roper was riding on a truck loaded with furniture en route from his former home in Houston to Dallas where he will reside in the future. The truck was owned and operated by John C. Glass, Dallas, an uncle of Roper. Glass escaped injury.

Lights of an approaching vehicle blinded Glass and the truck struck the soft shoulders off the pavement and turned over. The two men were brought to the hospital in a private automobile. Roper was admitted to the hospital at 10:20 o'clock Friday night.

Tupelo WSCS In Wednesday Session

The Tupelo WSCS met Wednesday in the home of Mrs. Charley Szenasy, with the meeting being called to order by Mrs. H. E Hervey, president.

After a short business session Mrs. Boyd McMullar gave the program, which was "Christ in the Home." The hostess served a refreshment plate to 12 members and 4 visitors, Mrs. W. F. Humphry, Mrs. T. H. Bowden, Mrs. Oscar Rennels and Mrs. W. A. Griffith of Dallas.

District WSCS Meets In Mexia On Friday

A district meeting of the Woman's Society of Christian Service will be held at Mexia Methodist church on Friday, May 16, at 10 o'clock a. m., with Mrs. John Remonte of Corsicana, president, in charge of the meeting.

The Wesleyan Service Guilds of the district will meet at the Methodist church in Mexia, on the same day at 7:30 o'clock p. m.

Mrs. W. B. Landrum of Tyler has been announced as the principal speaker for both meetings.

Results Of Easter Seal Sales Listed

The 1947 Easter Seal Sales, which were sponsored in Navarro county by the Navarro Society for Crippled Children, totaled $1,681.11 according to announcement by officials of the organization.

Mrs. D. G. Dunbar served as chairman of the downtown sales, with members of Circle I, WSCS, First Methodist church, as assistants.

METHODS DISCUSSED AT FRIDAY MEETING OF YOUTH COUNCIL

DR. ROBERT L. SUTHERLAND, HOGG FOUNDATION, PRINCIPAL SPEAKER

Dr. Robert L. Sutherland, director of the Hogg Foundation of the University of Texas advised the newly formed Youth Council on methods of obtaining objectives Friday night in a meeting of the group in Junior High school auditorium.

"Right now is the most opportune time in two decades to concentrate on the needs of the locality," he stated in reference to projects for community betterment.

In discussing the advisability of a program, he declared any plan in the youth field should be a permanent part of the community, integrated with a permanent community organization.

Dr Wells Stephens, president of the council, reiterated the council was primarily a coordinating function for the many groups in the city striving for youth programs.

Interested in Corsicana

Dr. Sutherland, whose foundation for Mental Hygiene has projects in Slocum, Corpus Christi, San Antonio, Beaumont, and Waco, told the council his foundation and the Woman's Foundation of New York were interested in devising a program for a community of Corsicana's size

"This program should be geared into the schools. The modern theory of education is you must educate the student entirely. Schools should become an educational istitution and not just a classroom. The plan should include the teachers and superintendents."

In line with his reasoning, the educator included the churches in his program, stating the church should ge a seven day a week institution, and the community chest, officials of which must be in sympathy with and interested in the program.

Preventative Work

Urging the spreading of responsibility among children, he said, "This is the real preventative work, not just bring the problem to the surface, but solve the problem."

Discussing specific steps for the council to take, he affirmed the first step as being the formation of a youth council with the next being the determination of the local situation by surveys, and then the training of groups and individuals.

One of the points stressed by the speaker was counselling service for adjustment cases, both in the youth welfare field and in the training of teachers in counselling work.

Scholarships

Deploring the absence of a graduate school in social work in the state, he explained the Hogg Foundation plan of offering $500 scholarships to teachers, which are matched by $500 from school boards for graduate work in recognized schools. He dwelled on this phase—visiting teacher work.

"If you choose to become a participating community in the Woman's Foundation program we'll steer you consultants, teacher training aid, and home economic and adult education aid," he stated.

Prior to the appearance of the speaker, a movie entitled, "Hometown, U. S. A." the story of Glenn Falls, N. Y., was shown by Gaston T. Gooch, registrarar of Navarro Junior college.

Dr Stephens asked District Judge A. P. Mays to compile a report on the youth welfare program and W. H. Norwood, superintendent of schools, for a report on the visiting teacher program.

Record Winter Wheat Crop Seen By USDA

WASHINGTON, May 9.—(AP)— The agriculture department reported today that conditions on May 1 indicated a 1947 winter wheat crop of 1,025,789,000 bushels, the largest of record.

This estimate compares with 973,047,000 bushels forecast a month ago and with 873,893,000 last year, which was the previous record. Production for the ten-year-period (1936-1946) averaged 653,893,000.

No forecast was given on spring wheat production, but a crop of 265,000,000 bushels is foreseen on the basis of indicated plantings. Last year's combined production of winter and spring wheat was 1,155,715,000 bushels, the largest of record.

May 24th has been announced as Poppy Day in Corsicana, and members of the American Legion Auxiliary will have charge of the memorial poppy sales on the streets.

Camp Fire Girls Oldest Group Of Kind In America

Camp Fire Girls, Inc., is America's oldest national organization serving girls between the ages of seven and eighteen.

Camp Fire Girls, Inc., recently celebrated its thirty-fifth birthday, with appropriate programs throughout the United States.

Many Camp Fire Girls groups in the leper colonies of the Philippines survived the ravages of war and are continuing their programs.

Camp Fire Girls are trained to take their places as leaders in the community, the nation and the world.

Camp Fire Girls, the future wives, mothers and careerists of tomorrow, learn early in life the importance of the home, and the skills of homemaking.

Camp Fire Girls promote global goodwill through exchange of correspondence and gifts with children of other lands.

Camp Fire Girls give service to their communities by helping out at hospitals, baby clinics and Community Chests.

Among former Camp Fire Girls who have made their mark in the world are Patrice Munsel, Margaret Speaks, Shirley Temple and Joan Leslie.

There are Camp Fire Girls groups in forty-five states of the union—also in Alaska, Canada, England, Salvador and the Philippines.

Over 360,000 girls from seven to eighteen now belong to Camp Fire Girls, Inc., "learn by doing" and find fun and friendship on the way.

There's always a place for adult volunteer leaders in Camp Fire, Inc. Adult leaders find inspiration and satisfaction working with young people.

Camp Fire Girls govern themselves by the Law of the Camp Fire Girls—Worship God, Seek Beauty, Give Service, Pursue Knowledge, Be Trustworthy, Hold on to Health, Glorify Work, and Be Happy.

FRIDAY RITES FOR WILLIAM H. MILLER; DIED IN HOSPITAL

Funeral services for Wm. H. Miller, aged 75 years, who died at the P. and S. Hospital Wednesday night, were held from the McCammon Chapel Friday afternoon at 3 o'clock. Burial was in Oakwood cemetery. The rites were conducted by Rev. W. S. Fisher, Methodist minister of Wortham, formerly of Corsicana. He had resided here the past 33 years.

Surviving are his wife of Corsicana; eight children, Miss Lois Miller, Mrs. Bryce Lassiter, Mrs. Henry Atkeisson and Wm. H. Miller, Jr., all of Corsicana; Mrs. Clyde Garner, Horace and M. L. Miller, all of Waco, and T. W. Miller, Fort Worth, and other relatives.

Pallbearers were the four sons and Bryce Lassiter and Henry Atkeisson, sons-in-law.

Army Seeks 1,800 More New Nurses

With the enactment of a law which grants permanent commissioned status to members of the army and navy nurse corps and establishes a women's medical specialist corps in the regular army, approximately 1,899 vacancies exist in the army nurse corps of the regular army.

Application blanks for the army nurse and women's medical specialist corps will be available on May 1 at headquarters Fourth Army, Fort Sam Houston, or upon request to the surgeon general's office, Washington, D. C.

Corporal Balcom Home.

Cpl. Wm. H. Balcom, Jr., U. S. Marine Corps, is home on terminal leave, after about 32 months of service. The last year and a half he was on duty in China.

CLUB NEWS

Barry H. D. Club.

The Barry Home Demonstration club met Thursday afternoon with Mrs. Herbert Bush as hostess. National Home Demonstration Week observance was discussed and an exhibit will be set up in the Walter Varnell store this week. The hostess and Mrs. Percy Varnell remodeled an endtable as the program, showing the women how to remove the old paint or varnish, sandpaper the table and paint or varnish the table so it would appear new.

Twenty old members, a new member, Mrs. George Mitchell, and five visitors attended. Refreshments were served by the hostess.

Oak Valley H. D. Club

The Oak Valley Home Demonstration Club met in the home of Mrs. E. E Stover recently. There were 17 members and one visitor, Mrs Elliott of Columbia, Mississippi, present.

Mrs. L. K. Carraway gave a demonstration on remodeling tables and removing varnish and paint from old furniture. Committee reports were given, and refreshments were then servd by the hostess. The next meeting was set for May 22 with Mrs. J. M. Stover.

Mildred 4-H Club

The Mildred 4-H Club met recently in the high school there with Bobby Rene Martin calling the house to order.

Present at the meeting were the sponsors, Mrs. John Grantham, and Miss Frances Riley, the 4-H agent, who demonstrated the sealing of fruit jars.

Bernie W. Parker Is Named Guard Officer

Bernie W. Parker, 1218 West Fourteenth avenue, Corsicana, has been appointed as a captain in the Texas National Guard, according to an announcement from the Adjutant General's Department of Texas, Austin. Capt. Parker has been assigned as liasion officer, Headquarters and Headquarters Battery, 133rd Field Artillery Battalion, 36th Infantry Division.

Capt. Parker is a veteran of World War II and served a number of months in the European Theatre of Operations. He is employed at the State unemployment office here.

Dr. D K. Porter Rites Held In Georgetown

Funeral services for Dr. D. K. Porter, aged 73 years, retired Methodist minister, who died of a heart attack several days ago, were held in Georgetown Saturday afternoon at 4 o'clock. Dr. Porter, a former pastor of the First Methodist church, is survived by his wife of Georgetown, and several children and other relatives. One daughter, Mrs. C. L. White, resides in Corsicana.

SPRING CONVENTION OF LEGION'S SIXTH DISTRICT SCHEDULED

MEXIA, May 10.—(Spl.)—Judge Drew Clifton, Fort Worth, chairman of the child welfare committee of the American Legion, department of Texas, will make the principal address at the annual Spring convention of the Sixth Legion District to be held Sunday, May 18, at Mexia.

H. V. Rau, Bryan, commander of the Sixth District, will preside with Nowlin Post No. 124 of Mexia as host. The Mexia post under leadership of Post Commander Robert S. Fain, is one of the more active posts in the district, having more than doubled its 1946 membership already this year.

Registration of delegates will start Sunday morning with the main business session of the convention scheduled to convene Sunday afternoon. In addition to Judge Clifton, J. H. Mitchell, Legion department service officer of Houston, will be present and address the convention.

Highlighting the business session will be the selection of district delegates to attend the national convention of the American Legion to be held in late August in New York City.

Adjournment will be Sunday afternoon.

Lt.-Gen. George E. Stratemeyer, Corsicana, commanding officer of Mitchell Field, New York City, U. S. Army Air Forces, is participating in the invitation golf tournament here this week. While here, Gen. Stratemeyer is the guest in the home of Mr. and Mrs. Joe E. Butler.
